[DOI: 10.1063/1.1612916]

The following misprint was revealed after the paper appeared in print: a redundant factor of 2 in the expression for the quantity  $\Omega(t)$  [see Eq. (38)]. Therefore, the factor of 4 in the denominator on the right-hand side of Eq. (39) must be omitted, and the inequality  $Q' \geq 1/2$  in the first sentence after Eq. (39) must be replaced by  $Q' > 2$ . The misprint does not affect our results and conclusions.
